Ritual is one of the most discussed cultural practices, yet its treatment in anthropological terms has been seriously limited, characterized by a host of narrow conceptual distinctions. One major reason for this situation has been the prevalence of positivist anthropologies that have viewed and summarized ritual occasions first and foremost in terms of their declared and assumed functions. By contrast, this book, which has become a classic, investigates them as epistemological phenomena in their own right. Comparing public events - a domain which includes ritual and related occasions - the author argues that any public event must first be comprehended through the logic of its design. It is the logic of organization of an occasion which establishes in large measure what that occasion is able to do in relation to the world within which it is created and practiced.

#### **Victor Elias:**

Is it a person who having spare time then spend it whole day by simply watching television programs or just telling lies on the bed? Do you need something totally new? This Models and Mirrors: Towards an Anthropology of Public Events can be the reply, oh how comes? The new book you know. You are so out of date, spending your time by reading in this new era is common not a geek activity. So what these publications have than the others?

#### **Emily Boyd:**

As a student exactly feel bored to reading. If their teacher expected them to go to the library or make summary for some book, they are complained. Just minor students that has reading's heart or real their interest. They just do what the educator want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that examining is not important, boring in addition to can't see colorful pictures on there. Yeah, it is for being complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Models and Mirrors: Towards an Anthropology of Public Events can make you feel more interested to read.
