**The Street Photographer's Manual** David Gibson

**A medium reliant on unexpected moments is now catapulted into the future with smart phones, digital technology, and specialty equipment**

Street photography has been around since the very first cameras were invented, producing some of the most poignant images of our time. Today, a wave of new technology has given this photographic genre a new lease of life, from phone cameras to specialist lenses to digital zooms. *The Street Photography Manual* leads the reader through a series of fully illustrated tutorials, including how to shoot a face in a crowd and how to train your eye to observe and capture the unexpected. Readers will be inspired by some of the best street photographers in the world, and then go forth and create their own memorable images. 250+ illustrations
