This book is the most complete and comprehensive guide to the lighthouses of Maine. Available in soft or hard cover edition, this newly updated guide offers more than 400 color photographs (multiple images of each lighthouse), history, legend, lore, directions and maps. Lights in neighboring coastal New Hampshire and Campobello Island, New Brunswick (Canada) also are included. Selected historic postcard reproductions offer a glimpse into days past when all lightstations were manned and active. The Maine coast is divided into sections or "chapters" with a listing of tour/excursion boats and lighthouse organizations appended.
