Reputation currency. X file. Anti-humanist/inhumanist perspectives. The colour out of space of reasons: representation, embodiment, and emanation. Commodities of motherly love found corporate culture. Paranoid materialism refers structure: environment, technology. Human nature ought maintain relations with nonhuman nature, by engaging human body, example, through qigong. Develop body, develop relations with family, with land, some, freedom state, accord with heaven. Alienating the explorers. No, formal, time. But danger, she says, cut off her line. Sight, the same judgment suspended her pursuit. Course, unwritten. Dangerous desire continues her illusory sovereignty. She doesn't see—like inside blowing her foghorn signals. Not sounding warning, but summoning fog. Only reasoning private property, she says, public service. "Poetry in the only form it has left to exist in—an exit from poetry, timestamped with your own epitaph. Geophilosophical Branding is a fucked-up, Confucian diagonal that will take you nowhere but into that abyss in which the ever-alienated explorer touches its own incomputable hole. If you've ever wondered how to remove your skin, what it is that zero conceives, if you aren't an island, or what the stakes of bolting reason back onto the earth are, this is for 'you'. If not, a warning: do not read Coise unless you have a lot of blood to give." – Amy Ireland
