“Her Name was Love” was one of my original projects consisting of eight spoken-word poems. I later decided to convert it into a book of poems and eventually added more to it over time. The systematic structure of “Her Name was Love” consist of spoken-word poems, poems, and interludes; all having its own story to tell while still being connected to the main message of the book. As you venture off into the book, you'll discover that everything you see or read of mine has a sense of vagueness to it – purposely causing you to think! To get more in touch with my personal life, you can follow me on tumblr, instagram, or my Facebook fan page. I'll be continuously updating these pages with my writings and various projects I will take part in later!
