Mind Control Exposed: Hard Facts, Solid Research, Crystal Clear Analysis Nikifor Mikhailovch

Mind Control Tactics Are In Widespread Use. Your Personal Autonomy IS At Risk. Let's start with a few facts: •The US government has admitted to numerous mind control experiments--some involving unwitting and uninformed "test subjects". •Foreign governments have admitted to efforts of their own. •Advertisers have spent outrageous sums to master mind control tactics. •A variety of private sector elements utilize mind control strategies. Again, these are facts. Let me reiterate: They're not guesses, hunches, or possibility. They are FACTS. As a culture, we value personal liberty above almost everything else. In light of the facts, it makes sense to ask a question: Can you really be free if someone else is manipulating your thoughts and attitudes? Of course not. Have you ever wondered why you crave that particular fast food item even though you don't really enjoy eating it that much or the way you feel when you've finished it? Why is that happening? Why do people consistently make decisions that are clearly NOT in their best interests? Maybe it's all innocent. Maybe there are logical explanations. But it could be something else. It could be mind control. There are answers. MIND CONTROL EXPOSED provides them. They'd like you to believe that it's impossible. They'd like you to believe that there's nothing happening. They'd love it if you ignored the documented evidence and the research. They don't want you to know about it, to recognize it or to see it. They certainly don't want you to defend against it. They have agendas and they're using mind control to achieve their objectives. MIND CONTROL EXPOSED blows the lid off of these tactics, the people using them, how they work, how to spot them and how to defend yourself against them. MIND CONTROL EXPOSED is not some crazed conspiracy thinker's manifesto. It's real information for real people who care about the sanctity of their own thoughts--the foundation of individual freedom. MIND CONTROL EXPOSED by Nikifor Mikhailovich reveals: •What creates susceptibility to mind control. •How mind control efforts work. •Documented experiments and episodes of mind control. •Popularly used mind control tactics. •The ways mind control is used for commercial gain. •How to defend against mind control. And much, much more. MIND CONTROL EXPOSED is not a lightweight series of warnings. It's filled with hard facts, solid research and crystal clear analysis. If you care about yourself, your future, your thoughts and your personal freedom, MIND CONTROL EXPOSED is essential reading. Mind control isn't a frequent topic of mainstream discussion and there will be some people who'll simply reject the solid evidence in front of them to avoid learning more about what's really happening out there. That's a mistake. This is a real issue and it can have a massive impact on your life.
