Silent Killing: A World War Two Spy Drama Shiralyn J. Lee

A year into WW11 Alice Bennet had found herself—under the alias of her deceased brother's name, reporting for The Readers Telegraph, on the effects of the war, glamorising her words to perfection before submitting them. Led to believe that her brother was a soldier and killed on duty overseas, she is faced with a new truth—that he was a secret spy. After being convinced to join the same cause that he was in, Alice is shipped off to Canada, where she endures rigorous specialised training in a military secret operations camp, to become a spy herself but somewhere in the mix, Vera Bradshaw manages to do more than train her.
