The Drone Book: A little bit about everything you need to know about drones Chris Laforet

he Drone Book is the definitive "go-to" knowledge book about subjects related to drones. It deals with topics of interest to anyone who is interested in getting into drone operations (such as how to learn to fly and purchasing a drone) and to more seasoned drone pilots (such as getting licensed as a pilot-in-charge and improving your filmmaking moves). Drones have introduced an exciting new environment for photographers, videographers, and techies and this book attempts to present as much information as possible about drones in one place.
