Up in the Garden and Down in the Dirt Kate Messner

A companion to the new *Over and Under the Pond* and the beloved *Over and Under the Snow*, this sweet exploration of the hidden world and many lives of a garden through the course of a year "could not be more lovely," according to the *Washington Post*. Up in the garden, the world is full of green—leaves and sprouts, growing vegetables, ripening fruit. But down in the dirt there is a busy world of earthworms digging, snakes hunting, skunks burrowing, and all the other animals that make a garden their home. In this exuberant and lyrical book, discover the wonders that lie hidden between stalks, under the shade of leaves...and down in the dirt.
