## **Comeback Moms: How to Leave Work, Raise Children, and Restart Your Career Even if You Haven't Had a Job in Years** Monica Samuels, J.C. Conklin

Millions of educated, professional women are quitting their jobs to stay home and raise their children.

That would never be you, right? You worked hard for your degree and even harder to get to this point in your career. Quitting now, even for a few years, would kill your career. Right?

That's what Monica Samuels thought when she found out she was pregnant and boy, was she wrong. Once you have a baby, your life changes in ways you'd never imagine. Some of your friends and family members may think you've gone a little crazy—crazy enough to leave a salary and paid vacations to stay home with your child. Before you go storming into your boss's office to announce your departure, read this book. There's more to quitting than saying the words. There's strategy involved.

Over 60 percent of professional women who leave work to raise children want to go back into the workforce someday. If you even think you might want to go back to work, be it in one year or twenty, you need to lay the groundwork now for a successful reentry or your options will be limited. If you do a little planning, you can reposition yourself professionally and have the choice to one day get back on the same career track, shift gears, accelerate, or change careers entirely. And, if you've already been out of the workplace for several years and never thought you'd go back, you'll learn about the best strategies and resources for jumping back in.

*Comeback Moms* is a practical, commonsense approach to career planning for all mothers. Monica Samuels and J.C. Conklin examine every conceivable angle and obstacle to help you make the best decisions possible before leaving your job, during your time at home, and once you decide to return to work. They offer advice on how to keep one foot in the professional pool, when and if it's best to go back to school, setting realistic expectations when re-entering an old career, helping your children adjust when you do go back, and on the logistics of rebalancing marital power when a spouse leaves or re-enters the work force. It's all here in an invaluable guide for every woman who wants it all.

"Proving once again that there is no one-size-fits-all approach in women's lives, Monica Samuels and J.C. Conklin's insightful book reveals to us the delicate and complex balance of family, power, and career. A must-read for both women and men seeking to manage career and family successfully."

-Representative Dianne White Delisi
