"Stripped Down is full of practical advice on the most important human relationship we have on Earth. Tony & Alisa are the real deal! Their open and authentic approach to the topic of intimacy in marriage is refreshing in a world that blushes at the thought of having conversations around this gift that God has given to married couples. We believe this is a conversation that all married couples should have and that this book is a great place to start." -Cliff & Stephanie Ravenscraft, Hosts of Family From The Heart at FamilyFromTheHeart.com "As a life coach I see many people who have created strategies for business success. But those same people frequently have no plan for success in the most important areas of life. In Stripped Down, Tony and Alisa share clear systems and processes for being as intentional about success in your marriage as you would expect in your business. With no plan in place, your business - or your marriage - will likely fail. Don't take that chance." -Dan Miller, author, 48 Days to the Work You Love, and Life Coach, 48days.com Life is moving so fast at times that we lose sight of the romance, passion, and intimacy we so desire in our marriage. After 10 years of marriage Tony & Alisa lost sight of why they got married. Kids, work, family, and everything else were taking priority over their marriage. In September of 2008 they started the 60 Days of Sex Challenge. Little did they know that the experience would change their lives. The lessons they learned not only changed their physical intimacy in the bedroom, but brought dramatic improvement to every area of their marriage. Those lessons are all here in Stripped Down, an easy to read workbook that will help you bring back the intimacy and passion in your own marriage.
