Islam: and the Clash of Civilizations Panini

In the 21st century, the greatest threat to the existence of the United States and its allies in Europe does not come from Russia, China, or North Korea. It comes from Islam. Islam is not merely a religion. It is a complete civilization with its own ethics, metaphysics, theology, and political theory in opposition to every other civilization on Earth. There are only two choices left for the United States and the citizens of the Free World – either to surrender to Islamic imperialism, or to defeat it utterly. But how? This book is the very first to explain, rationally and in detail, how to defeat Islamic imperialism decisively and permanently. You – wherever you may live – can take the steps needed to rid the world of Islam's threat to peace, progress, and prosperity – without harming the vast majority of Muslim people who secretly want freedom as much as you do.
