Trademark Law and Theory: A Handbook of Contemporary Research (Research Handbooks in Intellectual Property)

This important research Handbook brings together a set of illuminating works by the field's leading scholars to comprise one of the broadest and most far-reaching overviews of trademark law issues. Organized around three areas of inquiry, the book starts by offering a rich variety of methodological perspectives on trademark law. Reflecting the multifaceted nature of contemporary trademarks, contributors have drawn from law and economics, political science, semiotic theory, and history. The Handbook goes on to survey trademark law's international landscape, addressing indigenous cultural property, human rights issues, the free movement of goods, and the role of substantive harmonization. It concludes with a series of forward-looking perspectives, which focus on trademark law's intersection with the laws of advertising and free speech, copyright law, cyberspace regulation, and design protection. Discussing critical future issues regarding trademark protection and its relationship with other social policies, this Handbook will be of great interest to legal scholars, trademark lawyers and law students. It will also be of interest to academics in marketing, business, consumer psychology, and economics
