Martin Heidegger: The Philosophy of Another Beginning Alexander Dugin

There are few philosophers more influential, more misunderstood, more admired, and more feared than Martin Heidegger. He is simply unavoidable for an understanding of modern thought, modern culture, and the modern world. As Alexander Dugin explores in *Martin Heidegger: The Philosophy of Another Beginning*, Heidegger traces a particular conception of being and truth-begun with the pre-Socratics and cemented with Plato and Aristotle-that has, over millennia, led the West to embrace materialism, egalitarianism, and nihilism. It is Heidegger, argues Dugin, who understood this most deeply; it is thus Heidegger who opens up space for "Another Beginning"-a new grounding for human experience. Drawing on the history of philosophy, political ideologies, and Heidegger's relationship to Germany and Europe-and including a useful bibliography and glossary of terms-Dugin's analysis will be of great interest to scholars as well as those encountering Heidegger for the first time.

Paul Simpson:

As a university student exactly feel bored in order to reading. If their teacher expected them to go to the library or even make summary for some reserve, they are complained. Just very little students that has reading's soul or real their pastime. They just do what the educator want, like asked to the library. They go to there but nothing reading significantly. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is being complicated. Book is very important for you personally. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. Therefore this Martin Heidegger: The Philosophy of Another Beginning can make you feel more interested to read.
