In Dreams I Run Greg Leis

In early 1999, the author was diagnosed with a tumor on his brain stem. Although successfully removed, the operation left him unable to walk or talk. However, his cognitive powers and sense of humor were unaffected, and he could still write using a word processor and hunt-and-peck typing. Utilizing e-mail correspondence and personal reflection, *In Dreams I Run* details the author's recovery ... his thoughts, feelings, and how faith and humor played a vital role in his ability to cope with this life-altering trial.
