Myth and Philosophy from the Presocratics to Plato Kathryn A. Morgan

This book explores the complex relationship between myth and philosophy in writings by Greek intellectuals between the late-sixth and mid-fourth centuries BC. Although philosophy may seem far removed from mythological stories, closer examination reveals that Plato and others realized that philosophic accounts too were "stories" about reality. Kathryn Morgan shows how these philosophers used myth to express philosophic problems. Her book traces a tradition of strictly rational and philosophical myth through two centuries.
