## Self Publishing is Hard?!

Does the **KDP dashboard** feel like the control panel of a jumbo jet?

Does getting your book **self published to CreateSpace** feel like you're lost in space?

*...been there, done that, so let me show you the T-shirt!*

The first time we self published a book to KDP, we were so **afraid to make a mistake** that it took hours. Then came the errors and the *publishing, republishing and republishing again and again* to make sure the files were right. And every time we needed to change the description or adjust keywords or pricing for the book, we had to **wait 12 hours** to see it live!

And that was just publishing to Kindle... CreateSpace is a whole other can of worms...

### Help is Here

*Self publishing your own book is rewarding*, but it is also painful if you don't know the **technical in's and outs** — which is where our experience comes in!

Between the two of us, we've **self published over 30 books in the past 12 months**, both on Kindle and CreateSpace, so we know a thing or two about the process. And we want to **save you** the *heartache and hair-pulling* that can occur when you're trying to do everything yourself.

But this book is more than just a step-by-step tutorial guide about how to use Scrivener to compile the files for KDP and CreateSpace.

### We've crammed in hard-won knowledge like:

- Author Platform basics
- Email Autoresponder Basics
- How to set up a basic Mailchimp opt-in form
- Better book building functions
- Structuring your novel's contents like a pro
- Plus so much more

Let's not beat around the bush any longer. It's time to **feel good about self publishing your book**, because you're *fully equipped with the tools and knowledge* to get it done and up on Amazon so your raving fans can gobble it up!

*Scroll to the top, click or tap on the "buy now" button and start reading your way to self publishing success in 5 minutes or less.*
