It's Not About Freud but It's All About Freud: Development of a Contemporary Psychology David Liebert

This book revolves around a single argument: The influence of Sigmund Freud has had profound influence shaping the contemporary field of psychology. In fact, there is no other person in the field of psychology who as had greater influence on the course, development and direction of modern psychology than has Sigmund Freud. Psychology today may be thought of as either a clarification of Freud, a revision to Freud, a feud with Freud, a critical reaction to Freud or a combination thereof. Freud's psychodynamic theory serves as a thread stitched to one degree or another to a contemporary psychology.
