Sacred Scroll of Seven Seals: The Lost Knowledge of Good and Evil Judah

This National Science Foundation Award-Winning Author's research led back to The Order of Skull and Bones, when researching America's failed pill and heroin policies. Get this: 'The Order' had been dealing dope in the same way, around the world, for hundreds of years. These 'failed policies' aren't 'failing,' they are working just fine....The Order is PURPOSELY killing Americans for money. Then, by analyzing (and cross-referencing) leaked information, such as rosters from Skull and Bones and Bohemian Grove, 'The Order's' veils of deceit fell to the ground, which revealed the most vile bloodline of men who have ever strayed planet earth. After quite a bit more sleuthing-around, he discovered a 200 year old book which was only meant for the eyes of the heirs of the Royal Family. The two volumes outline the genealogy of the 'Russell' family, and expose the hoax which most people now know as the 'shadow government.' In the 'little book,' Poet, Jeremiah Holmes Wiffen, also sent us some coded warnings from the past (and even identified the Holy Grail). The book was chartered by members of the British Royal family to celebrate their 'Order,' or, their 'race.' The Order of Skull and Bones appears to be a screening mechanism with which to separate the super-elite from us common 'Vandals,' at Yale; these men go on to manipulate every lever of power in the world. Every single president is related to their 'Order.' As it turned out, the bone collector's who darken the halls of 'The Tomb' on the Campus of Yale University, are responsible for a LOT more than just dope-dealing, hand grips, donning tacky halloween costumes while acting out macabre plays, grave-robbery, and public masturbation. (Don't forget, the likes of George Bush, John Kerry, Taft and multiple Kelloggs and Forbes - among countless others - were all from this wicked club). This book will answer a lot of questions which 'The Order' doesn't want you to know. Among them: - How the Civil War really began - How 'The Order' killed a hundred-million people in a great genocide in India before THEY formed America - Who was really responsible for slavery (you will be SHOCKED!) - How the American Flag was really designed (hint: it wasn't 'Betsy Ross') - How Hitler really came to power - and the Americans who funded his rise to power - It will solve the mystery of the Great Pyramids - Tell you the esoteric secrets of archaeology - Exactly why those civilizations rose and fell - Where we are in that cycle of desolation, and MUCH, MUCH MORE! The 'little book' which I had discovered connected these men to the Vikings, the Knights Templar, William the Conquerer, the Tudors, the Clintons, the Roman Catholic Papacy, and it even connects the vile clan to the Tribe of Dan in The Bible (the tribe which The Bible indicates will produce the Antichrist). Now, you may NOT believe in The Bible (as I DIDN'T, literally, BEFORE this research) but these men DO and that is all that matters. This should scare you. Because they worship the dark one therein, and still practice necromancy, among many other even-more-deplorable rituals - including ritual child sacrifice ('in effigy,' supposedly). If you smell something rotten after having witnessed this election, this book may be for you...If you have ALWAYS known that the history which we've been taught just doesn't seem to add up, this book may also be for you. But I should warn you, once the scroll is read, it can never be unread...the truth may be more palatable in small doses. And finally, don't let the references to the Bible scare you off. It is only being mentioned because The Order seems to be using the Book of Revelation (outlining the apocalypse) as a script - I will prove to you that even 9/11 is predicted uncannily in Revelation. Prepare to read the esoteric epic of 'The Pirate Who Took Over The World,' for which 'The Da Vinci Code' and 'Chariots of the Gods' were created in order to prevent....'Sacred Scroll of Seven Seals.'
