This book tells the story of a caregiver for a person who is seriously ill of cancer. It is of help to both the caregiver and the person suffering from illness. It offers physical, mental, emotional, and spiritual suggestions to help with the process of the disease, and, if it comes to that, dying. The book's information is valuable as a guide for any caregiver helping another with any serious, debilitating illness, not solely cancer. The large paperback is printed in a large font which allows for comfortable and fast reading. Caregivers, I know, are always pressed for time. Book Published March 25, 2005.
