One of the most celebrated and controversial Native American medicine men of the 20th century, Rolling Thunder (1916-1997) was known for his remarkable healings and for his ability to call on the forces of Nature, typically in the form of thunder clouds. He was also a passionate activist who worked to trigger social change on behalf of Native American tribes. Sought after as a lecturer and workshop leader, he used the money he earned from teaching to construct Meta Tantay, a community in the Nevada desert.

In this book, edited by his grandson Sidian Morning Star Jones and longtime friend Stanley Krippner, we hear directly from people profoundly changed by Rolling Thunder, whether through direct experience or through his teachings. We learn of his legendary interactions with animals and the forces of Nature and hear from witnesses to his remarkable healings, including the healing of a young boy where a "mist wolf" was seen by several people. We learn of Rolling Thunder's inspiring impact on men and women now devoted in service to humankind and the Earth and read stories both insightful and humorous from friends that prove his climate change predictions true.

Revealing his trickster teachings, his legendary shamanic powers, his devotion to the Earth, and how his impact did not stop with his death, these stories of Rolling Thunder from a variety of sources demonstrate how transformation can come even while walking gently on the Earth.
