My Chemical Romance: This Band Will Save Your Life Reinhardt Haydn

My Chemical Romance emerged from New Jersey in the aftermath of the 9/11 atrocity to become the standard bearers for a new fusion of punk, glam and emo. After steadily building a committed and enthusiastic following on the back of their first two albums, 'I Brought You My Bullets, You Brought Me Your Love' (2002) and 'Three Cheers For Sweet Revenge' (2004), MCR achieved global prominence in 2006 with the release of their platinum selling album 'Welcome To The Black Parade'. Followed by *Danger Days: The True Lives of the Fabulous Killjoys* (2010). Until their disbandment in 2013, MCR toured extensively throughout the world, adding to their widespread fan base with incendiary, sold-out live shows that established the quintet as the emerging force in alternative rock. 'This Band Will Save Your Life' tells the definitive story of the groundbreaking band; examining their influences and ethos and charting their rise from obscurity to the apex of the post millennial rock pantheon.
