## **Concept of Freedom: Krishnamurti** Ambika Sharma

The book contains quite comprehensively Jiddu Krishnamurti's philosophical ideas on human freedom. Like Buddha and Christ, Krishnamurti also possessed great love for human beings. Therefore, he showed a great concern for human plight. He lived for more than ninety years, during which he talked, discoursed, and lectured at different places in various countries for almost sixty years. His main concern in those talks was to enlighten man about the impediments that didn't allow him to achieve freedom. As a philosopher, Krishnamurti's position is quite unique. He develops neither any new philosophical canons, nor believes in any kind of practices, which would help man to attain freedom gradually. He holds that man can reach the domain of freedom at once provided he keeps his mind free from every kind of thoughts. The thoughtless state of mind is the state of a 'meditative mind'. It is also the state of a 'silent mind'. In a most simple and convincing language, Krishnamurti reasserts the importance of the ancient precept 'know thyself' and advises us to seek liberation by acquiring the right knowledge, which is the 'knowledge of one's own self.' Those, who love philosophy and wish to acquaint themselves with Krishnamurti's views on human freedom, will find this book very interesting.
