The Surgeon is ready... Are you?

What's the worst punishment imaginable?

Murder, mystery and mayhem are deftly woven through this intense crime thriller.

A psychological chiller combining well drawn characters with plenty of twists and turns – part police procedural, part gripping suspense.

In brief:

A serial killer challenges criminal profiler, Doctor Colin Powers, to solve several cold case mutilation murders, while Detective Inspector Jack Carver investigates a newly dismembered victim.

An unlikely coincidence?

Is a vicious psychopath from Doc's past somehow involved, despite having been incarcerated for two decades?

And most importantly to Doc, where is his lover, Judy Finch, who went missing several months ago..?

Find out in Mutilated - the second 'stand alone' novel in this dark, gritty, British Crime Thriller trilogy.

The spine-chilling first book in this series, Remorseless, has been described by independent 5 star reviewers as 'British crime writing at its best', 'Right up there with James Patterson and Stephen King', and '...up there with Stuart MacBride and Val McDermid'.

From Reading Experience Blogspot:

"If you like your books well-written, suspenseful, with characters you can relate to, if you love horror that feels real and have a heart for people who are beyond the bounds of the social norm you need to read Mutilated."

Like Remorseless, Mutilated is a gripping read to get your teeth into, with an intricate plot and complex characters. Plenty of action, suspense and intrigue for any lover of unsettling crime thrillers. This serial killer tale is not for the faint-hearted - nor will it suit those who like their thrills short and sweet: Mutilated is a full length novel of approximately 127,000 words.

It is not essential to have read Remorseless, the first investigation in this trilogy involving Detective Inspector Jack Carver and criminal profiler Doc Powers, as there are only relatively minor spoilers regarding that story in Mutilated. But be warned - this unique British crime thriller series will take you deep into the minds of psychopathic criminals - and won't leave you untouched by the experience.

"Patching writes brutal, fascinating and chilling stories for thoughtful readers keen to gain insights into the darker side of the human condition."

From the back cover:

A sadistic killer sends a disturbing letter to Broadmoor hospital for the criminally insane, challenging forensic psychiatrist, Doctor Colin Powers, to investigate several unsolved mutilation murders committed over the last decade.

The same morning, Detective Inspector Jack Carver of London's Metropolitan Police is appointed lead detective when a dismembered victim is found hanging from a tree on Clapham Common.

Neither Doc nor Jack believe in coincidences...

What has this psychopath, nicknamed 'The Surgeon' by Jack's team, got to do with Doc's past, and how can one of Broadmoor's most vicious patients be involved - despite being locked up for over twenty years?

And more importantly to Doc, where is his lover, Judy Finch, who went missing several months beforehand..?
