Is our sense of freedom merely an illusion? This question cannot be settled by philosophical argument. It is not simply granted to us. If we want to become free, we have to try through our own inner activity to overcome habits of thought and reach a point of view that recognizes no limits to knowledge, sees through all illusions, and opens the door to an experience of the reality of the spiritual world.

This is a special reprint of the acclaimed translation - by Michael Wilson - of Rudolf Steiner's classic work on thinking as a spiritual path.
