Mosby's Comprehensive Review of Nursing for NCLEX-RN (Book with CD-ROM for Windows & Macintosh) Dolores F. Saxton RN BSEd MA MPS EdD, Phyllis K. Pelikan RN AAS BS MA, Patricia M. Nugent RN AAS BS MS EdM EdD

Thousands of students have used MOSBY'S COMPREHENSIVE REVIEW OF NURSING as a review tool and a study guide for the NCLEX-RN(r) examination in the United States and the comprehensive licensure examination in Canada. Why? They're assured of the most real-world test-taking experience and evaluation of their overall performance, which translates into higher scores on test day. The most popular review book for more than 40 years, the 16th edition has been completely revised and updated - it includes more than 3,000 test questions! Its unique coding of questions helps students evaluate performance according to the most recent NCLEX test plan. A free CD-ROM with 1,000 additional questions will provide students with practice on the computer. This is a "must-have" for top students who are serious about passing this test.

* Content review outlines of medical-surgical, pediatric, maternity/women's health, and mental health nursing incorporate the five-step nursing process to logically organize nursing care and reflect the focus of the NCLEX-RN exam. * Two comprehensive exams of 265 questions provide test-taking experience, help students evaluate overall performance, and give students more confidence on exam day. * Each clinical chapter includes numerous review questions to help students evaluate learning. Answers and rationales follow each chapter to eliminate flipping back and forth. * Separate rationales for each option for all questions explain why correct answers are right and other answers are wrong. * Each comprehensive exam includes a "focus for study" worksheet to help student identify weaknesses and plan study time.
